General Information

What is the purpose of this booklet?

This booklet contains Illinois Income Tax withholding tables. The tables begin on Page 9. It also explains how to figure the amount of Illinois Income Tax that you should withhold using the tables in this booklet.

Form IL-W-4, Employee's Illinois Withholding Allowance Certificate, is on Page 8 of this publication. You should ask your employees to complete a new Form IL-W-4 if the amount of exemptions to which they are entitled changes, or if they want you to withhold an additional amount from their compensation. You may copy this form. If you prefer, you can order additional forms. See *"Where to Get Forms"* on Page 32 of this booklet.

Where do I get help?

For answers to questions about your responsibilities as an Illinois withholding agent, see Booklet IL-700, Illinois Withholding Tax Guide. To receive a copy of this publication, see *"Where to Get Forms"* on Page 32 of this booklet. For help with other questions, see *"Where to Get Help"* on Page 32 of this booklet.

How to Figure the Amount to Withhold

How much do I withhold?

Generally, the rate for withholding Illinois Income Tax is 3 percent. For wages and other compensation, subtract any exemptions from the wages paid and multiply the result by 3 percent. For details about how much to withhold for other types of payments (*i.e.*, Illinois lottery or gambling winnings subject to federal income tax withholding requirements), see Booklet IL-700, Illinois Withholding Tax Guide.

How do I figure the amount to withhold?

You may use the tax tables in this booklet to determine how much tax you must withhold. To use the tax tables in this booklet, follow the steps below.

Using the tax tables in this booklet

Step 1 Find the table for your payroll period (*i.e.*, how often you pay your employee).

Step 2 Read down the column labeled "Wages" and locate the dollar range that contains the amount of your employee's wages. Read across the row until you find the dollar amount under the number of allowances your employee claimed on Line 1 of Form IL-W-4. If your employee did not claim any allowances on Line 2 of Form IL-W-4 and did not request that you withhold an additional amount of tax (Line 3 of Form IL-W-4), this is the amount of tax that you must withhold.

Step 3 If your employee claimed allowances on Line 2 of Form IL-W-4, subtract the amount identified at the top of the table from the amount found in Step 2. You must make one subtraction for each allowance your employee claimed on Line 2 of Form IL-W-4.

Step 4 If your employee requested that you withhold an additional amount (Line 3 of Form IL-W-4), add that amount to the amount from Step 2 (or Step 3, if applicable). This is the total amount of tax you must withhold.

Example

You pay Mary \$300 every week. She claims three allowances on her Form IL-W-4. Two allowances are claimed on IL-W-4, Line 1, and one allowance is claimed on Form IL-W-4, Line 2. You withhold \$6.13 from her pay.

Weekly Payroll Period

Wages		Number of allowances claimed on Line 1 of Form IL-W-4										
at least	but less than	0	1	2	3	4	5	6	7	8	9	10
		Withhold this amount of Illinois Income Tax (Subtract \$0.58 for each allowance claimed on Line 2 of Form IL-W-4.)										
\$300.00	\$301.00	\$9.02	\$7.86	\$6.71	\$5.55	\$4.40	\$3.25	\$2.09	\$0.94	\$	\$	\$

303.00	304.00	9.11	7.95	6.80	5.64	4.49	3.34	2.18	1.03			
...			

Step 1 Weekly payroll table

Step 2 Locate dollar range and amount to withhold based on allowances claimed \$ 6.71

Step 3 Subtract \$0.58 for the exemption claimed on Line 2 — 0.58
Tax withheld \$ 6.13

What other method may I use to figure the amount of tax that I should withhold?

Automated payroll method

If you prefer, you may use the automated payroll method to figure the amount of Illinois Income Tax you should withhold.

Tax withheld =

$$.03 \times \left(\text{Wages} - \frac{((\text{Line 1 allowances} \times \$2,000) + (\text{Line 2 allowances} \times \$1,000))}{\text{number of pay periods in a year}} \right)$$

To determine how much to withhold using the automated payroll method formula, follow these steps:

Step 1 Determine the wages paid.

Step 2 Figure your employee's exemptions using the allowances claimed on Form IL-W-4.

- Multiply the number of allowances your employee claimed on Form IL-W-4, Line 1, by \$2,000.
- Multiply the number of allowances your employee claimed on Form IL-W-4, Line 2, by \$1,000.
- Add your answers from Step 2a and Step 2b.
- Divide the result of Step 2c by the number of pay periods from the table. The result is your employee's exemptions.

Step 3 Subtract the exemptions from the wages paid. The result is the taxable amount.

Step 4 Multiply the taxable amount by 3 percent (.03). You must withhold this amount.

Step 5 Add any additional amount from Form IL-W-4, Line 3. This is the total amount you withhold.

The example below illustrates how to figure the amount to withhold using the automated payroll method.

Number of pay periods in a year	
Weekly payroll	52
Bi-weekly payroll	26
Semi-monthly payroll	24
Monthly payroll	12
Bi-monthly payroll	6
Quarterly payroll	4
Semi-annually payroll	2
Annually payroll	1

Automated payroll method example

Example

You pay Alice \$800 every week. She claims four allowances on her Form IL-W-4. Two allowances are claimed on Form IL-W-4, Line 1, and two allowances are claimed on Form IL-W-4, Line 2. You withhold \$20.54 from her pay.

Step 1 Determine the wages paid \$ 800.00

Step 2 Figure your employee's exemptions (based on Form IL-W-4).

- $2 \times \$2,000 = \$4,000$ (Line 1 x \$2,000)
- $2 \times \$1,000 = \$2,000$ (Line 2 x \$1,000)
- $\$4,000 + \$2,000 = \$6,000$ (Step 2a + Step 2b)
- $\$6,000 \div 52 \text{ pay periods} = \115.38

Step 3 Subtract the amount exempt from withholding. — 115.38
Taxable amount \$ 684.62

Step 4 Multiply by the tax rate x .03
Tax withheld \$ 20.54

Forms and Returns

Instructions for Form IL-W-4, Employee's Illinois Withholding Allowance Certificate

Who must complete this form?

If you are an employee, you must complete this form so your employer can withhold the correct amount of IL Income Tax from your pay. The amount withheld from your pay depends, in part, on the number of allowances you claim on this form.

Even if you claimed exemption from withholding on your federal Form W-4, U.S. Employee's Withholding Allowance Certificate, because you do not expect to owe any federal income tax, you may be required to have Illinois Income Tax withheld from your pay. If you are claiming exempt status (see Page 8, IL-700) from Illinois Withholding you must check the exempt status box on the IL-W-4.

Note: If you do not file a completed Form IL-W-4 with your employer, if you fail to sign the form or to include all necessary information, or if you alter the form, your employer must withhold Illinois income tax on the entire amount of your compensation, without allowing any exemptions.

When must I file?

You must file Form IL-W-4 when Illinois Income Tax is required to be withheld from compensation that you receive as an employee. You should complete this form and give it to your employer on or before the date you start working for your employer. You may file a new Form IL-W-4 any time your withholding allowances increase. If the number of your previously claimed allowances decreases, you **must** file a new Form IL-W-4 within 10 days. However, the death of a spouse or a dependent does not affect your withholding allowances until the next tax year.

When does my Form IL-W-4 take effect?

If you do not already have a Form IL-W-4 on file with this employer, this form will be effective for the first payment of compensation made to you after this form is filed. If you already have a Form IL-W-4 on file with this employer, your employer may allow any change you file on this form to become effective immediately, but is not required by law to change your withholding until the first payment of compensation made to you after the first day of the next calendar quarter (that is, January 1, April 1, July 1 or October 1) that falls at least 30 days after the date you file the change with your employer.

Example: If you have a baby and file a new Form IL-W-4 with your employer to

claim an additional exemption for the baby, your employer may immediately change the withholding for all future payments of compensation. However, if you file the new form on September 1, your employer does not have to change your withholding until the first payment of compensation made to you after October 1. If you file the new form on September 2, your employer does not have to change your withholding until the first payment of compensation made to you after December 31.

How long is Form IL-W-4 valid?

Your Form IL-W-4 remains valid until a new form you have filed takes effect or until your employer is required by the Department to disregard it. Your employer is required to disregard your Form IL-W-4 if you claim total exemption from Illinois income tax withholding, but you have not filed a federal Form W-4 claiming total exemption. Also, if the Internal Revenue Service has instructed your employer to disregard your federal Form W-4, your employer must also disregard your Form IL-W-4. Finally, if you claim 15 or more exemptions on your Form IL-W-4 without claiming at least the same number of exemptions on your federal Form W-4, and your employer is not required to refer your federal Form W-4 to the Internal Revenue Service for review, your employer must refer your Form IL-W-4 to the Department for review. In that case, your Form IL-W-4 will be effective unless and until the Department notifies your employer to disregard it.

What is an "exemption"?

An "exemption" is a dollar amount on which you do not have to pay Illinois Income Tax. Therefore, your employer will withhold Illinois Income Tax based on your compensation minus the exemptions to which you are entitled.

What is an "allowance"?

The dollar amount that is exempt from Illinois Income Tax is based on the number of allowances you claim on this form. As an employee, you receive one allowance unless you are claimed as a dependent on another person's tax return (e.g., your parents claim you as a dependent on their tax return). If you are married, you may claim additional allowances for your spouse and any dependents that you are entitled to claim for federal income tax purposes. You also will receive additional allowances if you or your spouse are age 65 or older, or if you or your spouse are legally blind.

How do I figure the correct number of allowances?

Complete the worksheet on the back of this page to figure the correct number of allowances you are entitled to claim. Give your completed Form IL-W-4 to your employer. Keep the worksheet for your records.

Note: If you have more than one job or your spouse works, you should figure the total number of allowances you are entitled to claim. Your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all of your other IL-W-4 forms.

What if I underpay my tax?

If the amount withheld from your compensation is not enough to cover your tax liability for the year, (e.g., you have non-wage income, such as interest or dividends), you may reduce the number of allowances or request that your employer withhold an additional amount from your pay. Otherwise, you may owe additional tax at the end of the year. If you do not have enough tax withheld from your pay, and you owe more than \$500 tax at the end of the year, you may owe a late-payment penalty. You should either increase the amount you have withheld from your pay, or you must make estimated tax payments.

You may be assessed a **late-payment penalty** if your required estimated payments are not paid in full by the due dates.

Note: You may still owe this penalty for an earlier quarter, even if you pay enough tax later to make up the underpayment from a previous quarter.

For additional information on penalties, see Publication 103, Uniform Penalties and Interest. Call **1 800 356-6302** to receive a copy of this publication.

Illinois Withholding Allowance Worksheet

General Information

Complete this worksheet to figure your total withholding allowances.

Everyone must complete Part 1.

Complete Part 2 if

- you (or your spouse) are age 65 or older or legally blind, or
- you wrote an amount on Line 4 of the Deductions and Adjustments Worksheet for federal Form W-4.

If you have more than one job or your spouse works, you should figure the total number of allowances you are entitled to claim. Your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all other IL-W-4 forms. You may reduce the number of allowances or request that your employer withhold an additional amount from your pay, which may help avoid having too little tax withheld.

Part 1: Figure your basic personal allowances (including allowances for dependents)

Check all that apply:

- ☐ No one else can claim me as a dependent.
☐ I can claim my spouse as a dependent.

- 1** Write the total number of boxes you checked. **1** _____
- 2** Write the number of dependents (other than you or your spouse) you will claim on your tax return. **2** _____
- 3** Add Lines 1 and 2. Write the result. This is the total number of basic personal allowances to which you are **entitled**. **3** _____
- 4** If you want to have additional Illinois Income Tax withheld from your pay, you may reduce the number of basic personal allowances or have an additional amount withheld. Write the total number of basic personal allowances you elect to claim on Line 4 and on Form IL-W-4, Line 1. **4** _____

Part 2: Figure your additional allowances

Check all that apply:

- ☐ I am 65 or older. ☐ I am legally blind.
☐ My spouse is 65 or older. ☐ My spouse is legally blind.

- 5** Write the total number of boxes you checked. **5** _____
- 6** Write any amount that you reported on Line 4 of the Deductions and Adjustments Worksheet for federal Form W-4. **6** _____
- 7** Divide Line 6 by 1,000. Round to the nearest whole number. Write the result on Line 7. **7** _____
- 8** Add Lines 5 and 7. Write the result. This is the total number of additional allowances to which you are **entitled**. **8** _____
- 9** If you want to have additional Illinois Income Tax withheld from your pay, you may reduce the number of additional allowances or have an additional amount withheld. Write the total number of additional allowances you elect to claim on Line 9 and on Form IL-W-4, Line 2. **9** _____

Note: If you have non-wage income and you expect to owe Illinois Income Tax on that income, you may choose to have an additional amount withheld from your pay. On Line 3 of Form IL-W-4, write the additional amount you want your employer to withhold.

----- Cut here and give the certificate to your employer. Keep the top portion for your records. -----
